DOGS IN CARS ON HOT DAYS

YOUR DOG IS VULNERABLE AND AT RISK IF LEFT IN A VEHICLE IN HIGH TEMPERATURES AND EVEN ON DAYS CONSIDERED AS SLIGHTLY WARM
PLEASE TAKE CARE OF YOUR DOG
 IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILITY FOR ANY DAMAGE CAUSED

TRALS RISK ASSESSMENT

The Meet	Actions taken to reduce risk
Risk of congestion causing hazards to other road users Risk of injury to competitors by other traffic Risk of hounds fighting/biting/knocking someone over	Meet held off the road in a suitable place. The parking should be large enough to ensure safe parking for vehicles and enough room for hounds to move around safely. The meet should be well signposted to ensure competitors do not slow down and block the roads. Where roads must be used for the meet the Stake Manager should ensure the road is wide enough with good visibility. Hounds should be in effective control at all times.
Risks of hounds on road	Hounds should be in effective control at all times.
Risk to the public/other competitors if vehicles are left unattended with doors and windows open	The catalogue advises competitors that hounds should be behind grills/bars to avoid biting and should be in effective control at all times

The Competition	Actions taken to reduce risk
Risk of blocking roads and causing hazards to locals and competitors	The Stake Manager and Road Marshall will assess road conditions and advise of suitable places to park.
Risk of injury to hound and handler	Safe handling of hounds will be encouraged by all Officials.
Risk of injury to judge/assistant/line walkers	Judges/assistants should always ask competitors before man handling hounds. It is the handlers job to get the hound over obstacles not the judges. Line walkers will be encouraged to keep their hands at their sides during the identification.
Risk of hound on road causing an accident	Hound should be in effective control at all times and are hunted unleashed at the handlers/owners own risk
Risk from or to livestock	Although the Stake Manager will try to avoid land where they are informed by the land owner of any dangers from or to livestock, a handler who is concerned about the safety of their hound/the livestock or themselves should consult the judge and/or withdraw from the field. Damage to wildlife/livestock must be avoided.
Risk to health due to adverse weather	During adverse weather the Judges/Stake Manager may intervene.
Risk of electric shock	Although we try to ensure fences are off, competitors should satisfy themselves of this.

The Summing Up	Actions taken to reduce risk
Risk to other road users/hounds getting loose	A safe place should be found for the summing up and hounds in effective control at all times.
Health risks due to bad weather	Whenever possible the summing up should be held in a warm, dry place. The Stake Manager will have a first aid kit and there will be an appointed first aider. Local hospital and veterinary surgeon will be in the catalogue.
